## GIBART, HUNGARY

### LETTER OF APPRECIATION FROM THE COMMITTEE

We thank Hashem that through the Avoyseinu Organization we merited the completion of the fence at the Gibart, Hungary cemetery, Resting Place of our esteemed grandparents Harav R' Yitzchok Weiss ז"ר of Tisafured and Debrechin and his wife Mrs. Devorah Weiss ז"ר. After many years that Avoyseinu together with family members invested much effort and great toil, and after meeting with lawyers several times as well as meeting with the Mayor of Gibart, we were able to extend the fence of the cemetery based on the borders from before WWII. With much exertion R' Shmuel Sabo, General Director of Avoyseinu, found the remnants of an old tombstone outside the fence and that greatly influenced the Mayor regarding the need to reconstruct the fence. Working along with the engineer we created an exact blueprint and thus we were granted authorization to extend the fence to the cemetery's pre-WWII borders. And now that we have merited seeing the completion of the fence by Avoyseinu, we give praise to Hashem and acknowledge the great work that was done. May Hashem grant success and may you continue with great strength to increase your rescue work and may you be blessed with טוב
