Notes

The cemetery is in the middle of an agricultural area. It is very hard to approach it, on a very narrow dirt road, surrounded by bushes and trees. The way partially leads through a completely overgrown path, there is no possibility to drive in with a car (about 500 meters only by walk). The situation in the cemetery is even worse. It is hard to get inside, in some places the height of the plants is over 2-3 meters!

Note: This Report is a rough estimate generated by the initial evaluation. details may change as project draws closer
